## BALNEA 180 BATHTUB

The BALNEA bathtub, as all LE CAVE series' elements, has a waste plug covered in stone, contributing to the seamless look and feel of this design. Carved from a solid block of natural stone, each piece is expertly crafted and beautifully unique. Designed and manufactured by Vaselli.

### CARE & MAINTENANCE

As surface protection against stains, we apply a protective coating to facilitate cleaning and maintain the beauty of the material. We offer two different products: the first is solvent based, FILAFOB, the second is water-based, FILAMP90 ECO PLUS.

Overflow and dedicated plumbing is offered.
